This is the main chapter screen

The selected item to the right is the button, which is selected from the 'Button Frame and Mask' menu

The number of 'Buttons' is defined from the 'Button Layout' menu it can have a maximum of four per page, and when you modify for the project with more than 4 per page subsequent page added. The buttons used are all the same (you cannot mix and match).

This is a Button I created. I replace the button in above image. The cyclist image is a placeholder ignore that.
