

Talking Head & Presentation

Some Layout Possibilities

If the talking head is recorded with green screen

1. Presentation in track1 – full screen

Talking head in track 2 – chroma-keyed in corner

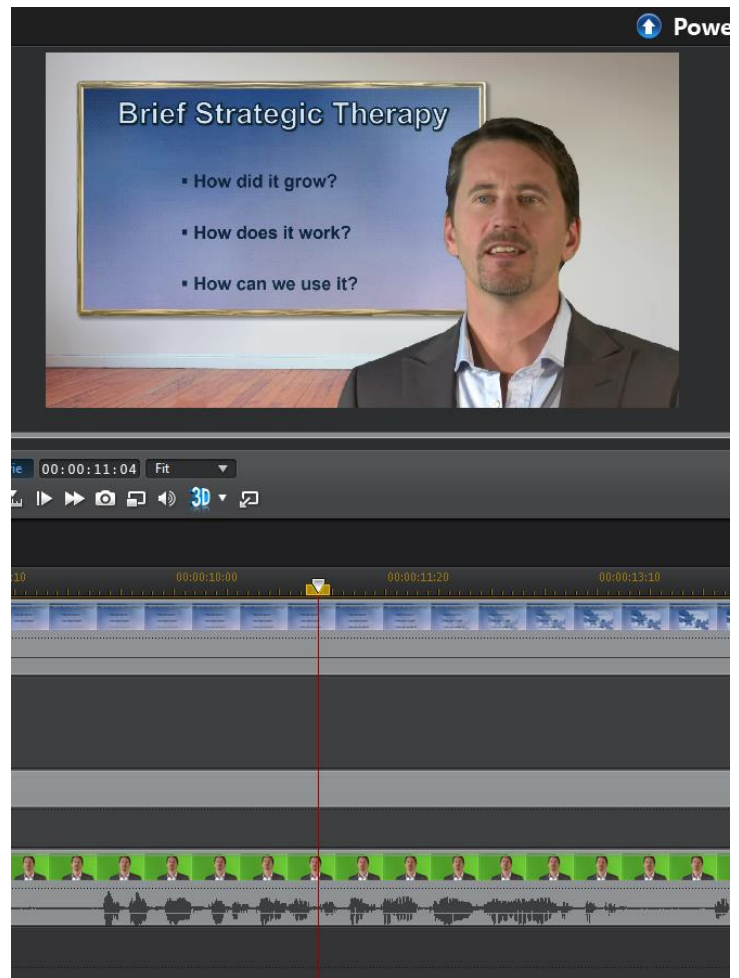

2. Background in track 1 – full screen

- Presentation in track 2 – resized
- Talking head in track 3 – chroma-keyed in corner

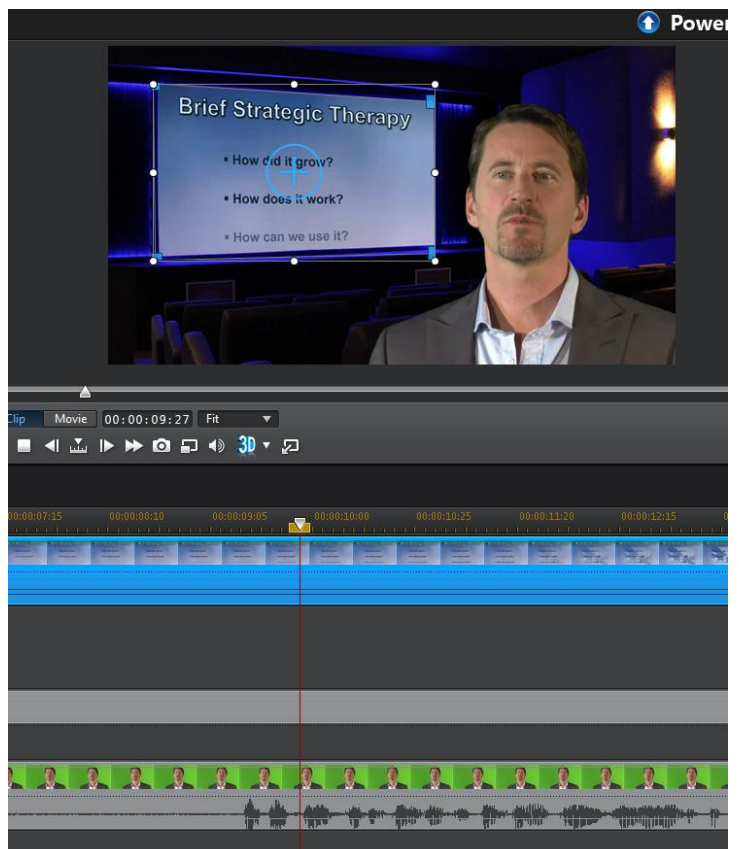

3. Presentation in track1 – resized

- Frame overlay in track 2
- Talking head in track 3 – chroma-keyed in corner

4. Presentation in track1 – resized & reshaped to match frame

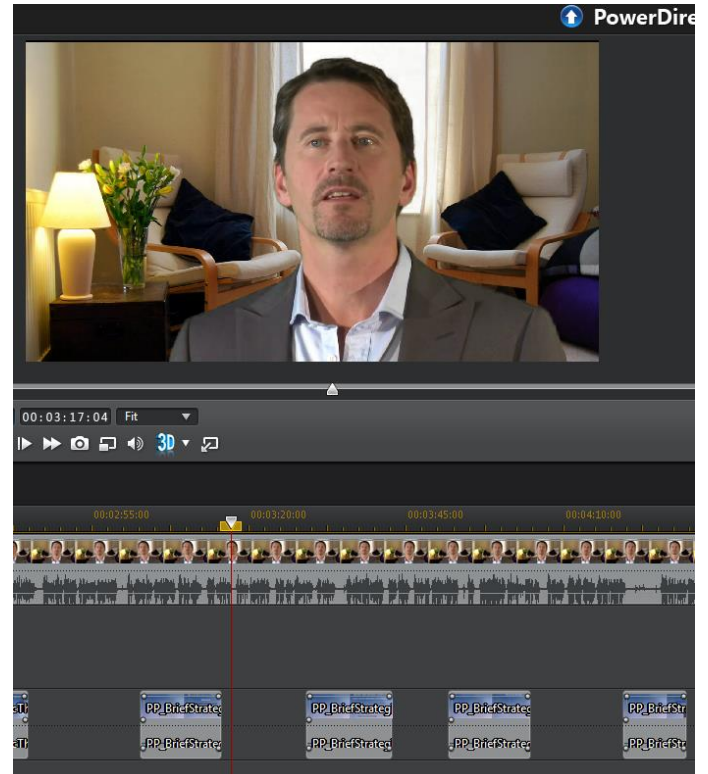

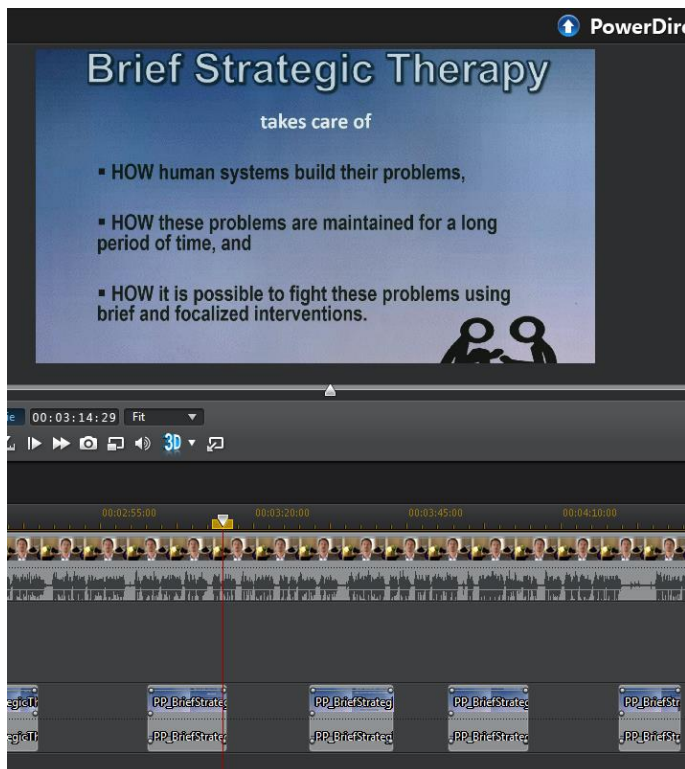

- Frame overlay in track 2
- Talking head in track 3 – chroma-keyed in corner

If the talking head is NOT recorded with green screen

5. Talking head in track 1 – full screen

- Presentation SPLIT in track 2 – full screen – aligned with audio presentation

6. Talking head in track 1 – full screen

- Presentation SPLIT in track 2
- resized & split
