

What's in the PowerDirector Contents Packs?

Note from author: *This is not definitive information because I don't understand the file directory "system" used in PD's installations. It's based on templates found in C:\Program Files (x86)\CyberLink\templates\PowerDirector Content Pack 12 and viewing uncompressed installer files for Essential & Premium Contents Packs. Also – this is not reflective of previous or future versions of PowerDirector, as configuration changes from version to version.*

The number of templates varies from Ultimate – Ultra – Deluxe according to
